Outrigger is where local culture meets world-class hospitality

Outrigger owns and operates some of the finest accommodations across the Hawaiian Islands, Asia-Pacific and the Indian Ocean, while offering guests the opportunity to immerse themselves in local cultures.

Outrigger is about love and respect for the land and sea, for local communities and local cultures. We stand out because we offer guests the opportunity for an authentic engagement with the place and people.

A sense of discovery is the foundation of travel; people leave home to experience something new, to open their eyes to the world and share time with loved ones. Respect and celebration of local ways serve as the foundation of a hospitality experience guests will always remember.

KSL Resorts is happy to present this fine group of hotels and resorts to the North America Meetings and Incentive Markets.
