**BLUE MOUNTAIN RESORT AND CAMELBACK RESORT TO RECEIVE NEW
HIGH-SPEED CHAIRLIFTS**

KSL Resorts Continues to Deliver Significant Improvements Into Its Poconos Properties

Irvine, CA – [KSL Resorts](#), which manages world-class destination resorts, hotels and high adventure experiences including the Pocono Mountains’ [Blue Mountain Resort](#) in Palmerton, Penn., and [Camelback Resort](#) in Tannersville, Penn., is pleased to announce its list of enhancements at both year-round resorts in preparation of the 2022-2023 winter season. Guests will enjoy new high-speed, six-person lifts at both resorts along with other operational upgrades.

At **Blue Mountain Resort** a new high-speed six-person lift is replacing two double lifts. The new lift – yet to be named – will rise 980 feet and finish where the prior two double lifts ended. The lift will improve connectivity between the Valley Lodge and the Summit Lodge and dramatically improve access to the terrain on the western part of the mountain. The current two lifts can transport 2,400 guests in an hour, where the new high-speed lift will transport riders from bottom to top in under five minutes and accommodate 3,000 guests per hour. Other upgrades include a new groomer and continued automation of the snowmaking system. These upgrades come on the heels of last year’s new 40th trail, Free Fall, and its expansion of its snowtubing park from 24 to 46 lanes.

Black Bear 6 – a new high-speed six-person, enclosed lift – will make its planned debut at **Camelback Resort** in November 2022 for the 22/23 winter season replacing the existing Sullivan Express – a smaller, four-person lift. The resort’s most recent new lift – Sunbowl Express – was built in 2020. Other upgrades at Camelback include a pipeline replacement for Nile Mile and Marc Antony, a new groomer, lift operator house upgrades and continued automation advances including updates to last year’s new RFID system and adding advanced technology throughout the resort.
